

Student Centers

Mission, Vision and Values

Mission Statement

The Student Centers collectively serve as the center of collegiate life for students, faculty, staff, alumni and guests. Providing services, activities, programs and facilities that complement the academic mission of the University, the Student Centers foster and encourage an environment that honors the rich diversity of Rutgers, builds community, and facilitates civil engagement.

Vision Statement

Built on a foundation of Rutgers tradition, the Student Centers will be regionally and nationally recognized in the field of student unions, as premier facilities that meet the changing needs of the college students by serving as a rich environment of activity, innovative programs, community dialogue, learning, and services.

Values

Student Development

The Student Center staff holds the belief that a student's development occurs both inside and outside of the formal classroom. We provide quality learning opportunities that promote intellectual and professional growth as well as lifelong learning and personal development.

Student Focused

Committed to the educational advancement of the Rutgers student, the Student Centers believe in a student-first philosophy. We remain advocates for student needs and are committed to students being a vital focus in all departmental priorities, resource decisions, and planning.

Inclusivity

The Student Centers provide and value a diverse, welcoming, and respectful environment where opportunities to embrace, celebrate, and learn about the qualities and experiences of all individuals and groups are encouraged.

Excellence

With a high standard of professionalism, customer service, and care, the Student Centers intentionally deliver quality services and programs for all campus community members and guests. Through assessment we are committed to continuous improvement that meets the needs of our ever changing community and exceeds the standards set by our profession.

Collaboration

The Student Centers value participatory decision making and seek to create and engage in meaningful partnerships with students and campus stakeholders.

Integrity

The Student Centers practice and role model ethical behavior and decision making through consistent, honest, and fair enforcement of policies as well as through accountability to each other, the Division, University, and State.
